# JET VENSON G. ROMERO

Ormoc City, Leyte | Relocating to Metro Manila | +63-966-254-3798 | jetvensonromero@gmail.com

## PROFESSIONAL SUMMARY

BS Information Technology graduate with a Computer Systems Servicing NC II certification and hands-on training in system testing, troubleshooting, and basic networking. Completed internships in web development and data analysis at EVSU-OC, where I tested, fixed, and deployed a production grading system and produced reports for administrative staff. Detail-oriented and responsible, with experience leading a student IT organization. Available to start immediately and ready to work on-site in Metro Manila.

## WORK EXPERIENCE

**Web Development Intern** ***Mar 2026 – Apr 2026***

*Eastern Visayas State University – Ormoc Campus | Supervisor: Engr. Joseph Jaymel S. Morpos, MSIT*

- Took the EVSU Grader system (a Latin Honors interview grading tool) from spec to full production deployment, using AI-assisted development to move quickly while still owning the logic, testing, and fixes
- Automated report generation and access permissions, eliminating manual grading and compilation work for faculty
- Managed end-to-end testing, bug fixing, and production configuration prior to launch

**Data Analysis and Research Intern** ***Feb 2026 – Mar 2026***

*Administrative and Finance Services Office, EVSU-OC | Supervisor: Dr. Richard P. Impas*

- Tracked and analyzed alumni data using Jamovi, producing statistical summaries used directly in office reporting
- Conducted Key Informant Interviews (KIIs) and prepared research manuscripts and presentation layouts for institutional review
- Worked directly with administrative staff to translate raw data into clear, decision-ready reports

## PROJECTS

**BreakBuddy** — *Capstone Project* ***Sept 2025 – Dec 2025***

- Co-developed a gamified screen-time management app (Flutter, Supabase, React) with a 3-member team — achieved an overall “Excellent” ISO/IEC 25010 quality rating (mean 4.56) from a 25-parent survey

**SafeSync** — *IoT Environmental Monitoring System* ***April 2025 – July 2025***

- Led a 3-member team building an ESP32-based IoT monitoring system, handling documentation and QA/testing of sensor readings, data sync, and alert triggers

## EDUCATION & CERTIFICATIONS

**Bachelor of Science in Information Technology** ***Aug 2022 – May 2026***

*Eastern Visayas State University – Ormoc Campus*

**Computer Systems Servicing (CSS) NC II** ***June 2025 – July 2025***

*TESDA & USTAC*

## SKILLS

- **Hardware & Networking:** Windows and Windows Server installation, Basic printer troubleshooting, Router configuration, Basic Networking, System Testing
- **Productivity & Analysis:** Google Sheets, Google Docs, Microsoft Excel & Word, Jamovi
- **Technical:** JavaScript, TypeScript, HTML5, CSS3, React, Next.js, Node.js, Express, SQL, Git
- **AI Tools:** AI-assisted research, writing, and development workflows

## LEADERSHIP & AWARDS

- President, Unified Information Technology Society (UnITS), EVSU-OC (Aug – Dec 2024) — led an officer team and coordinated activities
- Champion, Skillslympic: Website Design Competition, ACLC Days (Feb 2026) — 1st place, 3-member team, EVSU-Ormoc BSIT
